** Before ASCT: On the day of hospitalization for high-dose melphalan

*** Final QoL assessment at 24 months maintenance

¹ The QoL eCRF in REDCap automatically sends out an email with a link to the questionnaire to the patient at the specific timepoint. Please inform the patient when he/she can expect to receive an email. The QoL project manager in Odense, Denmark monitors whether patients answer the e-questionnaires. If not, study coordinators are notified and can then remind the patient to complete the e-questionnaire.
